

FOREIGN STUDENTS

If your studies were conducted in Mexico, please submit the following admission documents:

- The last two pages of the admission application, which must be signed by you.
- Original birth certificate apostilled or authenticated by an authority in the country of origin.
- Original bachelor's degree study certificate on both sides.
- Notarized copy of the bachelor's degree diploma on both sides.
- Copy of an official photo identification on both sides.
- Simple copy of the federal bachelor's degree registry (cédula federal de licenciatura) on both sides.
- Simple copy of validations of previous studies (elementary, middle school, high school, and bachelor's) if they were completed outside of Mexico.
- Current FMM form if you are a student.

If your studies were conducted abroad, you must demonstrate that you have at least undergraduate studies valid in Mexico. Please submit the following admission documents:

- The last two pages of the admission application, which must be signed by you with blue ink.
- Original birth certificate apostilled or authenticated by an authority in the country of origin.
- Original bachelor's degree study certificate on both sides*
- Notarized copy of the bachelor's degree diploma on both sides*
- Copy of an official photo identification on both sides.
- Foreigner letter.

*The verification of the authenticity of documents issued outside the national educational system must be carried out through electronic means. If the document does not include information for electronic verification, it must be apostilled/authenticated. The required documents to be submitted are the original certificate with the original apostille and a notarized copy of the apostilled/authenticated diploma.

Some postgraduate programs have specific requirements, please approach your advisor for more information.

Some of the doctoral programs require accreditation of completed master's studies; please approach your advisor for more information.
